Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Van Rysselberghe had agreed to an examiner's amendment effectively adding language to the brief description of Fig. 17 which change had been proposed in the after final amendment of 1/16/07. The examiner's amendment is being made since the proposed change to the specification presented within the after final amendment was not in full compliance with 37 CFR 1.121 in that Applicant did not intend for the added language to be in bold print. Therefore, the after final amendment will not be entered and any and all appropriate changes serving to place the instant application in condition for allowance is being made via the preset Examiner's Amendment including cancellation of non-elected claims 64-68.
